WINTER, SPRING, SUMMER, AND FALL

1959

INDEX TO AUTHORS

Andreason, Clark A., Memorial to William A. Pearson, 470.

Avis, Kenneth E., The Organization of Didactic Material and Laboratory Instruction for the Undergraduate Course in Manufacturing Pharmacy. Parenteral Products, 526.

Beal, George D., Lloyds of Cincinnati, 202.

Belcastro, Patrick F., Graduate Training in Literature Searching Techniques, 518.

Benson, John B., Pharmacy and Continuing Education, 7.

Bianculli, Joseph A., Memorial to C. Leonard O'Connell, 294.

Bliven, Charles W.
The New Pattern (President's Section), 607; Report of the Delegate to American Pharmaceutical Association House of Delegates, Interim Meeting, 282.

Bowers, Roy A., Postgraduate Education, 1.

Brady, Edward S., The Pharmaceutical Caravan: A Means of Postgraduate Education, 11.

Braucher, Charles L., Continuing Education in Pharmacy at Georgia, 19.

Bryan, Gordon H., A Report on Fifth Year Students as "Consultants in Drugs," 264.

Bunnell, Kevin P.
Liberal Education and American Pharmacy, 37; Liberal Education and American Pharmacy, A Bibliography, 59.

Busse, Louis W.
Graduate Education in Pharmaceutical Technology, 321; Some Consideration of the Effect of the Extended Curriculum on Graduate Study in Schools of Pharmacy, 509.

Childs, Richard F., A Low-Cost Tablet Disintegration Apparatus for the Undergraduate Pharmaceutical Preparations Laboratory, 418.

Christian, John E., Academic Preparation for Graduate Study in the Five Year Professional Pharmacy Curriculum, 367.

Claus, Edward P.
A Pharmacognosist's Contribution to the Field of Allergy, 259; A Public Relations Program for Pharmacognosy, 557.

Cole, Jack R., A Low-Cost Tablet Disintegration Apparatus for the Undergraduate Pharmaceutical Preparations Laboratory, 418.

Cosgrove, F. P., Should All Graduate Students Take a Core of Graduate Courses? 514.

Cuvier, Georges, Postgraduate Pharmaceutical Education in France, 28.

Deardorff, Dwight L., The Organization of Didactic Material and Laboratory Instruction for the Undergraduate Course in Manufacturing Pharmacy: Liquids, Semiliquids, and Solids, 535.

Deno, Richard A., An Educator's Extracurricular Obligations Involving Standard Tests, 371.

Doyle, Paul A., The Growing Threat to Professionalism, 415.

Evanson, R. V., The Case Method in Pharmacy Administration, 582.

Gable, Fred B., Testing: A Critical Evaluation, 420.

Gibson, Melvin R.
Editorials, 108, 286, 461, 609; President Charles W. Bliven: A Biographical Sketch, 499.

Gittinger, Georgianna Simmons, A Selected Bibliography of Pharmacy in Latin America, 424.

Goyan, F. M., A Course in Physical Measurements and Instrumentation, 544.

Granberg, C. B., Field Trips as a Teaching Aid for Students in Freshman Pharmacy, 379.

Green, Melvin W., Pharmacy Looks at Accreditation, 430.

Gross, E. G., Graduate Training in Pharmacology, 331.

Hager, George P., Structure-Coding for SAR Purposes, 548.

Hamilton, Harold J., The Outpatient Pharmacy as an *In Vivo* Prescription Laboratory for Pharmacy Students, 268.

Hartung, Walter H., Pharmaceutical Chemistry as a Major for Advanced Degrees, 351.

Harwood, A. A., Memorial to Edward H. Niles, 293.

Heller, William M., The Outpatient Pharmacy as an *In Vivo* Prescription Laboratory for Pharmacy Students, 268.

Hoch, J. Hampton, Bibliographic Materials in English Relating to the History of Pharmacognosy, 154.

James, Arthur E., A Classification of the Chemical Elements According to the Derivation of Their Names, 231.

Jenkins, Glenn L., Academic Preparation for Graduate Study in the Five Year Professional Pharmacy Curriculum, 367.

Kazin, Louis E., Making Postgraduate Refresher Courses More Practical, 32.

Kaufman, K. L., Pharmaceutical Ethics, 213.

Kern, Joseph H.
Pharmacy Administration, Its Assets and Liabilities, 591; Report of the Secretary-Treasurer AACP Conference of Teachers, 1958-1959, 602.

Kremers, R. E., Professional Attitude and Education, 241.

Larwood, Charles H., Memorial to Anton Hogstad, Jr., 614.

Leake, Chauncey D., The Status of Pharmacology as a Science, 173.

Lee, Charles O., How Well Do We Teach Pharmacy? 373.

Long, J. P., Graduate Training in Pharmacology, 331.

Lytle, Arthur C., Jr., The Teaching of Store Layout Principles to Pharmacy Management Students, 594.

Martin, Charles F., Postdoctoral Study of Chemistry in Switzerland, 382.

Masters, Hugh B., Pharmacy and Continuing Education, 7.

Mattocks, Albert M.
Graduate Training for Industrial Pharmacy, 326; Objectives and Scope of the Undergraduate Course in Manufacturing Pharmacy, 523.

McEvilla, Joseph D.
Graduate Education in Pharmacy Administration, 358; Graduate Education in Pharmacy Administration, 563.

McNeil, Henry S., Values, 255.

Michener, N. L., Memorial to Edward H. Niles, 293.

Miya, Tom S., Graduate Education in Pharmacology, 335.

Nelson, Harold, Pharmacy Administration Courses in Our Colleges of Pharmacy, 439.

Nobles, W. Lewis, Some Experiences with the National Science Foundation Science Faculty Fellowship Program, 554.

Orr, Jack E., A Report on Fifth Year Students as 'Consultants in Drugs," 284.

Osborne, George E.
David Stewart, M.D., First American Professor of Pharmacy (1813-1899), 219; The Integration of Liberal and Professional Courses in Pharmacy, 74.

Parks, Lloyd M., Graduate Enrollment Data, September, 1958, and Graduate Study in Member Colleges for 1958-1959, 94.

Pope, Louise, The Outpatient Pharmacy as an *In Vivo* Prescription Laboratory for Pharmacy Students, 268.

Pratt, Robertson, Comments on the Teaching of Pharmacognosy, 404.

Quimby, Maynard W., The Lynn Index, A Report of Progress, 598.

Reddish, George F., Early History of Antiseptics and Disinfectants, 197.

Riess, Chester L., Memorial to Otto E. M. Ruhmer, 613.

Rising, L. Wait
The Consultant Pharmacist, 411; The Seminar and Project Method of Instruction: A Departure from the Traditional Style of Teaching, 386.

Rowe, E. J., Memorial to Edward H. Niles, 293.

Rowe, Tom D.
Annual Pharmacy Lectures—University of Michigan, 15; Pharmaceutical Education Twenty-five Years from Now, 89.

Schaefer, Hugo H.
Remington Honor Medal Citation for Eli Lilly, 97; Report of the Representatives to the Drug Trade Conference, 456.

Schneider, Wolfgang, A Bibliographic Review of the History of Pharmaceutical Chemistry (With Particular Reference to German Literature), 161.

Schwarting, Arthur E., An Appraisal of Graduation Education in Pharmacognosy, 340.

Schwarz, T. W., An Experiment in Teaching Theoretical and Applied Pharmacy, 400.

Sonnedecker, Glenn, Some Guidelines into the Historical Literature on Pharmacy, 143.

Sprowls, Joseph B.
A Note on Continuing Education at Temple University, 27; The Pharmacist's Role in Promoting the Health of the Public, 503.

Squibb, George, Pharmacists and Research Opportunities, 248.

Strait, L. A., A Course in Physical Measurements and Instrumentation, 544.

Tice, L. F., Specialized Courses in Continuing Education, 23.

Tuck, L. D., A Course in Physical Measurements and Instrumentation, 544.

Tyler, Varro E., Jr., Private Die Proprietary Medicine Stamps, 207.

Voigt, John L., Pharmaceutical Extension Service, 9.

Waters, Kenneth L., Continuing Education in Pharmacy at Georgia, 19.

Weaver, Warren E.
Hospital Pharmacy, 364; Memorial to Jack K. Finnegan, 613.

Webster, George L., Minutes of the Interim Meeting, Executive Committee, 98.

Weltzin, J. Frederick, The Place of Science in Education, 82.

Wilcox, P. W., An Industrial Pharmacist's Viewpoint of What Should Be Taught in the Undergraduate Course in Manufacturing Pharmacy, 539.

Williams, Franklin S., Fundamentals of Professional Management, 277.

Youngken, H. W., Jr., Graduate Education in Pharmacognosy, 343.

Zopf, Louis C., The Value of Continuity in Organization (President's Section), 106; Take Care (President's Section), 284; The Buttress of Pharmaceutical Education (President's Section), 459.

INDEX TO SUBJECTS AND TITLES

American Association of Colleges of Pharmacy
Executive Committee, Minutes of the Interim Meeting, George L. Webster, 98.
Conference of Teachers, Secretary-Treasurers Report, 1958-1959, Joseph H. Kern, 602.
Continuity in Organization (President's Section), 106.
and Deans (Editorial), 609.
Meetings, Change in Time and Place of Meeting (President's Section), Charles W. Bliven, 607.

Academic Preparation for Graduate Study in the Five Year Professional Pharmacy Curriculum, Glenn L. Jenkins and John E. Christian, 367.

Accreditation, Pharmacy Looks at, Melvin W. Green, 430.

Administration (Pharmacy)
the Case Method in, R. V. Evanson, 582.
Graduate Education in, Joseph D. McEvilla, 358.
Its Assets and Liabilities, Joseph H. Kern, 591.

Allergy, A Pharmacognosist's Contribution to the Field of, Edward P. Claus, 259.

American Pharmaceutical Association House of Delegates, Interim Meeting, Report of the Delegate to, Charles W. Bliven, 282.

Announcements, 112, 288, 467, 611.

Annual Pharmacy Lectures—University of Michigan, Tom D. Rowe, 15.

Antiseptics and Disinfectants, Early History of, George F. Reddish, 197.

Apparatus (Disintegration) for the Undergraduate Pharmaceutical Preparations Laboratory, A Low-Cost, Richard F. Childs and Jack R. Cole, 418.

Appraisal (An) of Graduate Education in Pharmacognosy, Arthur E. Schwarting, 340.

Attitude (Professional) and Education, R. E. Kremers, 241.

Bibliographic
Materials in English Relating to the History of Pharmacognosy, J. Hampton Hoch, 154.
(A) Review of the History of Pharmaceutical Chemistry (With Particular Reference to German Literature), Wolfgang Schneider, 161.

Bibliography (A)
Liberal Education and American Pharmacy, Kevin P. Bunnell, 59.
(Selected) of Pharmacy in Latin America, Georgianna Simmons Gittinger, 424.

Biographical (A) Sketch, President Charles W. Bliven, Melvin R. Gibson, 499.

Bliven, Charles W., President, A Biographical Sketch, Melvin R. Gibson, 499.

Book Reviews, 123, 308, 486, 627.

Case (The) Method in Pharmacy Administration, R. V. Evanson, 582.

Chemical Elements According to the Derivation of Their Names, A Classification of the, Arthur E. James, 231.

Chemistry (Pharmaceutical)
as a Major for Advanced Degrees, Walter H. Hartung, 351.
(With Particular Reference to German Literature), A Bibliographic Review of the History of, Wolfgang Schneider, 161.

Chemistry in Switzerland, Postdoctoral Study of, Charles F. Martin, 382.

Classification (A) of the Chemical Elements According to the Derivation of Their Names, Arthur E. James, 231.

Colleges of Pharmacy, Pharmacy Administration Courses in Our, Harold Nelson, 439.

Comments on the Teaching of Pharmacognosy, Robertson Pratt, 404.

Conference of Teachers (AACP), Secretary-Treasurers Report, 1958-1959, Joseph H. Kern, 602.

Consultant (The) Pharmacist, L. Wait Rising, 411.

"Consultants in Drugs," A Report on Fifth Year Students as, Gordon H. Bryan and Jack E. Orr, 259.

Continuing Education
(see Annual Pharmacy Lectures—University of Michigan).
Pharmacy and, Hugh B. Masters and John B. Benson, 7.
in Pharmacy at Georgia, Kenneth L. Waters and Charles L. Braucher, 19.
Specialized Education in, L. F. Tice, 23.
at Temple University, A Note on, Joseph B. Sprowls, 27.

Core of Graduate Courses, Should All Graduate Students Take A? F. P. Cosgrove, 514.

Course (A) in Physical Measurements and Instrumentation, L. A. Strait, L. D. Tuck, and F. M. Goyan, 544.

Courses (Specialized) in Continuing Education, L. F. Tice, 23.

Curriculum
Effect of the Extended, on Graduate Study in Schools of Pharmacy, Some Consideration of, Louis W. Busse, 509.
(Pharmacy) Academic Preparation for Graduate Study in the Five Year Professional, Glenn L. Jenkins and John E. Christian, 367.

Deans and AACP (Editorial), 609.

Degrees, Pharmaceutical Chemistry as a Major for Advanced, Walter H. Hartung, 351.

Delegate to American Pharmaceutical Association House of Delegates, Interim Meeting, Report of the, Charles W. Bliven, 282.

Detail Men (Editorial), 461.

Disinfectants, Early History of Antiseptics and, George F. Reddish, 197.

Drug Trade Conference, Report of the Representatives to the, Hugo H. Schaefer, 456.

Early History of Antiseptics and Disinfectants, George F. Reddish, 197.

Editorial, Melvin R. Gibson, 108, 286, 461, 609.

Education
(Pharmaceutical) Twenty-five Years from Now, Tom D. Rowe, 89.
The Place of Science in, J. Frederick Weltzin, 82.
Postgraduate
(see Continuing Education)
Roy A. Bowers, 1.
A Means of: The Pharmaceutical Caravan, Edward S. Brady, 11.
(Postgraduate Pharmaceutical), in France, Georges Cuvier, 28.
Professional Attitude and, R. E. Kremers, 241.

Education (Continuing)
(See Annual Pharmacy Lectures—University of Michigan).
Pharmacy and, Hugh B. Masters and John B. Benson, 7.
in Pharmacy at Georgia, Kenneth L. Waters and Charles L. Braucher, 19.
Specialized Courses in, L. F. Tice, 23.
at Temple University, A Note On, Joseph B. Sprowls, 27.

Education (Graduate)
in Hospital Pharmacy (see Hospital Pharmacy).
in Pharmaceutical Chemistry (see Pharmaceutical Chemistry as a Major for Advanced Degrees).
in Pharmaceutical Technology, Louis W. Busse, 321.
in Pharmacognosy, H. W. Youngken, Jr., 343.
in Pharmacognosy, An Appraisal of, Arthur E. Schwarting, 340.
in Pharmacology, Tom S. Miya, 335.
in Pharmacy Administration, Joseph B. McEvilla, 358, 563.

Education (Liberal)
and American Pharmacy, Kevin P. Bunnell, 37.
and American Pharmacy, A Bibliography, Kevin P. Bunnell, 59.
Integration of and Professional Courses in Pharmacy, George E. Osborne, 74.

Educator's (An) Extracurricular Obligations Involving Standard Tests, Richard A. Deno, 371.

Elements (Chemical), A Classification of According to the Derivation of Their Names, Arthur E. James, 231.

Enrollment (Graduate) Data, September 1958, and Graduate Study in Member Colleges for 1958-1959, Lloyd M. Parks, 94.

Ethics (Pharmaceutical), K. L. Kaufman, 213.

Executive Committee (AACP), Minutes of the Interim Meeting, George L. Webster, 98.

Experiment (An) in Teaching Theoretical and Applied Pharmacy, T. W. Schwarz, 400.

Extended Curriculum, Some Consideration of the Effect of on Graduate Study in Schools of Pharmacy, Louis W. Busse, 509.

Extension Service, Pharmaceutical, John L. Voigt, 9.

Field Trips as a Teaching Aid for Students in Freshman Pharmacy, C. B. Granberg, 379.

Finnegan, Jack K., Memorial to, Warren E. Weaver, 613.

Five Year Professional Pharmacy Curriculum, Academic Preparation for Graduate Study in the, Glenn L. Jenkins and John E. Christian, 367.

Five Year Program and Graduate Programs (President's Section), 284.

France, Postgraduate Education in, Georges Cuvier, 28.

Fundamentals of Professional Management, Franklin S. Williams, 277.

General News, 117, 297, 476, 620.

Graduate
- Courses, Should All Graduate Students Take a Core of? F. P. Cosgrove, 514.
- Education
  - in Hospital Pharmacy (see Hospital Pharmacy).
  - in Pharmaceutical Chemistry (see Pharmaceutical Chemistry) as a Major for Advanced Degrees.
  - in Pharmaceutical Technology, Louis W. Busse, 321.
  - in Pharmacy Administration, Joseph B. McEvilla, 358, 563.
  - in Pharmacognosy, H. W. Youngken, Jr., 343.
  - in Pharmacognosy, An Appraisal of, Arthur E. Schwarting, 340.
  - in Pharmacology, Tom S. Miya, 335.
- Enrollment Data, September, 1958, and Graduate Study in Member Colleges for 1958-1959, Lloyd M. Parks, 94.
- Programs, Five Year Program and (President's Section), 284.
- Students
  - Should They Take a Core of Graduate Courses, F. P. Cosgrove, 514.
- Study
  - in the Five Year Professional Pharmacy Curriculum, Academic Preparation for, Glenn L. Jenkins and John E. Christian, 367.
  - in Member Colleges for 1958-1959, Graduate Enrollment Data, September, 1958, and, Lloyd M. Parks, 94.
  - in Schools of Pharmacy, Some Consideration of the Effect of the Extended Curriculum on, Louis W. Busse, 509.
- Training
  - for Industrial Pharmacy, Albert M. Mattocks, 326.
  - in Literature Searching Techniques, Patrick F. Belcastro, 518.
  - in Pharmacology, E. G. Gross, and J. P. Long, 331.

Growing (The) Threat to Professionalism, Paul A. Doyle, 415.

Health of the Public, The Pharmacist's Role in Promoting, Joseph B. Sprowls, 503.

Hogstad, Anton, Jr., Memorial to, Charles H. Larwood, 614.

Hospital Pharmacy
- Warren E. Weaver, 364.
- Graduate Education (see Hospital Pharmacy).

Historical Literature on Pharmacy, Some Guidelines into, Glenn Sonnedecker, 143.

History
- (Early) of Antiseptics and Disinfectants, George F. Reddish, 197.
- of Pharmaceutical Chemistry (With Particular Reference to German Literature), A Bibliographic Review, Wolfgang Schneider, 161.
- of Pharmacognosy, Bibliographic Materials Relating to the, J. Hampton Hoch, 154.

How Well Do We Teach Pharmacy? Charles O. Lee, 393.

Industrial Pharmacy
- Graduate Training for, Albert M. Mattocks, 326.
- (see Manufacturing Pharmacy).

Industrial (An) Pharmacist's Viewpoint of What Should Be Taught in the Undergraduate Course in Manufacturing Pharmacy, P. W. Wilcox, 539.

Instrumentation, A Course in Physical Measurements and, L. A. Strait, L. D. Tuck, and F. M. Goyan, 544.

Integration (The) of Liberal and Professional Courses in Pharmacy, George E. Osborne, 74.

Laboratory
- Instruction
  - for the Undergraduate Course in Manufacturing Pharmacy, The Organization of Didactic Material and Parenteral Products, Kenneth E. Avis, 526.
  - for the Undergraduate Course in Manufacturing Pharmacy; Liquids, Semiliquids, and Solids: The Organization of Didactic Material and, Dwight L. Deardorff, 535.
- A Low-Cost Disintegration Apparatus for the Undergraduate Pharmaceutical Preparations Laboratory, Richard F. Childs and Jack R. Cole, 418.
- (Prescription) for Pharmacy Students, The Outpatient Pharmacy as an *In Vivo*, Harold J. Hamilton, Louise Pope, and William M. Heller, 268.

Latin America, A selected Bibliography of Pharmacy in, Georgianna Simmons Gittinger, 424.

Letters, 291, 469.

Liberal Education
and American Pharmacy, Kevin P. Bunnell, 37.
and American Pharmacy, A Bibliography, Kevin P. Bunnell, 59.

Liberal and Professional Courses in Pharmacy, The Integration of, George E. Osborne, 74.

Lilly, Eli, Remington Honor Medal Citation for, Hugo H. Schaefer, 97.

Literature Searching Techniques, Graduate Training in, Patrick F. Belcastro, 518.

Lloyds of Cincinnati, George D. Beal, 202.

Low-Cost (A) Tablet Disintegration Apparatus for the Undergraduate Pharmaceutical Preparations Laboratory, Richard F. Childs and Jack R. Cole, 418.

Lynn (The) Index, A Report of Progress, Maynard W. Quimby, 598.

Making Postgraduate Refresher Courses More Practical, Louis E. Kazin, 32.

Review (A Bibliographic) of the History of Pharmaceutical Chemistry (With Particular Reference to German Literature), Wolfgang Schneider, 161.

Rubmer, Otto E. M., Memorial to, Chester L. Riess, 613.

SAR Purposes, Structure-Coding for, George P. Hager, 548.

Science
- Faculty Fellowship Program, Some Experiences with the National Science Foundation, W. Lewis Nobles, 554.
- The Place of, in Education, J. Frederick Weltzin, 82.

Selected (A) Bibliography of Pharmacy in Latin America, Georgianna Simmons Gittinger, 424.

Seminar (The) and Project Method of Instruction: A Departure from the Traditional Style of Teaching, L. Wait Rising, 386.

Should All Graduate Students Take a Core of Graduate Courses? F. P. Cosgrove, 514.

Some Consideration of the Effect of the Extended Curriculum on Graduate Study in Schools of Pharmacy, Louis W. Busse, 509.

Some Experiences with the National Science Foundation Science Faculty Fellowship Program, W. Lewis Nobles, 554.

Some Guidelines into the Historical Literature on Pharmacy, Glenn Sonnedecker, 143.

Specialized Courses in Continuing Education, L. F. Tice, 23.

Staff Changes, 115, 295, 473, 617.

Stamps (Medicine), Private Die Proprietary, Varro E. Tyler, Jr., 207.

Standard Tests, An Educator's Extracurricular Obligations Involving, Richard A. Deno, 371.

Status (The) of Pharmacology as a Science, Chauncey D. Leake, 173.

Stewart, David, M. D., First American Professor of Pharmacy (1813-1899), George E. Osborne, 219.

Store Layout Principles to Pharmacy Management Students, The Teaching of, Arthur C. Lytle, Jr., 594.

Structure-Coding for SAR Purposes, George P. Hager, 548.

Students
(Fifth Year) as "Consultants in Drugs," A Report on, Gordon H. Bryan and Jack E. Orr, 259.
(Pharmacy), The Outpatient Pharmacy as an *In Vivo* Prescription Laboratory for, Harold J. Hamilton, Louise Pope, and William M. Heller, 268.

Study (Graduate)
in the Five Year Professional Pharmacy Curriculum, Academic Preparation for, Glenn L. Jenkins and John E. Christian, 367.
in Member Colleges for 1958-1959, Graduate Enrollment Data, September, 1958, and, Lloyd M. Parks, 94.

Switzerland, Postdoctoral Study of Chemistry in, Charles F. Martin, 382.

Tablet (A Low-Cost) Disintegration Apparatus for the Undergraduate Pharmaceutical Preparations Laboratory, Richard F. Childs and Jack R. Cole, 418.

Teach Pharmacy, How Well Do We? Charles O. Lee, 393.

Teachers and Teaching (Editorial), 286.

Teaching
Aid for Students in Freshman Pharmacy, Field Trips as A, C. B. Granberg, 379.
of Pharmacognosy, Comments on the, Robbertson Pratt, 404.
The Seminar and Project Method of: A Departure from the Traditional Style of, L. Wait Rising, 386.
(The) of Store Layout Principles to Pharmacy Management Students, Arthur C. Lytle, Jr., 594.
and Teachers (Editorial), 286.
Theoretical and Applied Pharmacy, An Experiment in, T. W. Schwarz, 400.

Technology (Pharmaceutical) Graduation Education in, Louis W. Busse, 331.

Testing: A Critical Evaluation, Fred B. Gable, 420.

Tests (Standard), An Educator's Extracurricular Obligations Involving, Richard A. Deno, 371.

Undergraduate Course in Manufacturing Pharmacy
An Industrial Pharmacist's Viewpoint of what Should Be Taught in the, P. W. Wilcox, 539.
Liquids, Semi-liquids, and Solids: The Organization of Didactic Material and Laboratory Instruction for the, Dwight L. Deardorff, 535.
Parenteral Products, The Organization of Didactic Material and Laboratory Instruction for the, Kenneth E. Avis, 526.

Values, Henry S. McNeil, 255.
